

## Advisor Roster and RAC

### The Loop - Student Information

The Advisor Roster and RAC provides the advisor student information on their advisees to help advise and support students throughout their ECU journey.

### Advisor Roster and RAC

- View a list of your advisees
- ECU ID, Name, Picture, Email
- Advisor Type - Major, Minor, Supplemental, etc.
- Major - Includes 1st, 2nd, and 3rd Majors
- Last Term Enrolled - useful for sorting by students who are active and those who have stopped out
- Future Registrations
- RAC Number - should help monitor (and eventually discourage) wholesale distribution of RAC numbers without deliberate advising
- Registration Holds - points students to their View Holds screen in ECU Direct

The Advisor Roster and RAC displays all active students and can be exported into Excel. The export provides additional information like phone number, student type, classification, academic standing, etc. The list can also be sorted and filtered. This can help identify students who are currently enrolled.

Met with [Redacted] today for orientation advising. She is unsure of a major at this time, but is interested in PSY and CRJ. Advised her to take GSD 101, PSY 200, CRJ 101, REL 301 and CDF 232. She has DC from Morehead for ENG 100 & 200, as well as AP US HIS and Language.

[Redacted] is still considering CRJ and PSY. We talked about the Mac series in GSD. She is doing well. She may rush in [Redacted]. Has a friend who rushed. Doesn't like MAT - I suggested a STA class if she is still considering CRJ and PSY. Likes her CRJ class and it was one of the reasons she attended EKU.
